- 2.3. Films accepted for the 2015 European Film Awards are not eligible.
- 2.4. The films must have a director who was born in Europe or has a European* passport. According to the Convention, a film qualifies as European if it achieves 15 points out of a possible maximum of 19 from a schedule of European elements.

To give the most flexible definition, the European Film Academy uses a lower percentage of 12 points as follows:

First role	3
Second role	2
Third role	1

3. FEATURE FILMS: Selection

3.1. The selection of approx. 40-50 films proposed to the EFA Members to be considered for a nomination is made as follows:

With a minimal voter turnout of 25%, the film having received the highest number of votes in each of these countries will automatically be included in the selection of films, provided it corresponds to §§ 2.1. – 2.7. above. Should the voter turnout be less than 25%, the EFA Board has the right to establish which film shall be added to the selection.
- The selection of the approx. 20-30 remaining films is made by a committee composed of the EFA Board and a group of experts appointed by the board. These remaining films are selected from proposals submitted as detailed under § 2.6.

Producers of European films which are not among the recommended films may – upon payment of a fee – make their films available to the EFA Members as VOD.
